

Vroon Offshore Services (VOS), a dynamic and ambitious international shipping company with offices in Den Helder, Aberdeen, Genoa and Singapore, is a leading offshore service vessel supplier in the North Sea, Mediterranean and Asia and has been in this business for over 40 years.

VOS operates a global fleet of over 100 vessels, with a seagoing staff of approximately 2,500 and has more than 20 newbuildings on order for delivery in the period 2011-2013.

VOS is part of the Vroon Group, an international and diversified shipping company. The Group operates approximately 150 vessels worldwide.

The focus of VOS is in three main areas: anchor handling and platform supply; emergency response and rescue; and subsea support services.

We are currently looking for candidates for the following position in our Den Helder office:

Operations Manager

As Operations Manager you manage the relationships with our customers and the quality of the services rendered by the Operations Department. You are responsible for ensuring that all commercial contracts are implemented, executed, supervised and evaluated in accordance with their specific provisions. In this function you prepare and implement short- and medium-term (operational) planning and budgets in co-ordination with other departments. In addition, you report and analyse market information supporting strategic commercial decisions. You understand customers' expectations by promptly responding to clients' queries and correctly and consistently evaluating vessels' performance. You mentor and coach the Operations Department staff on an ongoing basis. Furthermore, you support the Managing Director in the preparation and implementation of commercial policies, including marketing plans and (financial) budgets.

To excel in this function you should have a Bachelor's / Master's degree (e.g. Commercial, Business Economics or Business Administration), must have seagoing experience at Deck Officer level and preferably experience in a similar managerial maritime position. Furthermore, you have commercial, analytical and reporting skills, a 24/7 mentality and are customer and service oriented. Experience with voyage operations/administration software would be an advantage.
