

Vroon Offshore Services (VOS), a dynamic and ambitious international offshore shipping company with offices in Den Helder, Aberdeen, Genoa and Singapore, is a leading maritime offshore services supplier on the North Sea, Mediterranean and Asia and has been in this business for over 40 years.

VOS globally operates a fleet of about 100 vessels, with a seagoing staff of approximately 1.500 and has an additional 27 new buildings on order for delivery in the period 2010-2012.

VOS is part of the Vroon Group, an ambitious, international and diversified shipping company. The Group operates over 140 vessels worldwide.

The focus of VOS is primarily on North Sea operations in three main areas; Platform Supply, Emergency Response & Rescue and Subsea Support Services.

To support further development of our organisation in Den Helder we are looking for candidates for the following positions:

For the Subsea Support Vessels / Platform Supply Vessels (Dutch flag):

Master / DPO
Chief Officer / DPO
JDPO
Chief Engineer
Second Engineer

Candidates should preferably have watch keeping experience on board offshore vessels and two years of North Sea Experience.

Function requirements:

You are in the possession of the appropriate Certificate of Competence as required for the job. You are a responsible, perseverant and flexible team player, able to empower the skills of your team members.

Furthermore, you are confident and enthusiastic, with good communication skills and fluent in English.

In return, we will provide you with competitive terms of employment, flexible leave arrangements plus training and development possibilities, aimed at enhancing your skills to help you achieve the highest possible rank.

Job information:

For further information, please contact our Crewing Department.

Applications, including curriculum vitae, should be sent to:
